	C	NC	NA
5.3.	✓		
5.4.	✓		

5.4. With the exception of Red Cross societies or where the "Star of life" is locally registered, a blue reflective "Star of life" emblem (minimum size 500 mm) together with reflective letters, numerals or a symbol identifying the organization and the vehicle, is applied to the roof of the ambulance

5.5. With the exception of Red Cross societies or where the "Star of life" is locally registered, a blue reflective "Star of life" emblem is applied to the sides and rear of the ambulance. The word "ambulance" or equivalent national translation is applied in reflective upper-case letters, a minimum of 100 mm high, in a colour contrasting with the background, to the side and rear of the ambulance and if possible on the front

5.5.	✓		
------	---	--	--

C: compliant – NC: not compliant – NA: Not applicable

6. REMARKS

(report remarks, irregularity, non-compliance items)

The verification has been made according to the European Standard EN 1789, and according to the documentation provided by the manufacturer.

7. STATEMENT OF CONFORMITY

The above mentioned technical documentation and the vehicles types described comply with the Standard requirements. The manufacturer is the sole responsible to guarantee the conformity of production to the approved type.
